## TBM MODULE 1

### BASIC PHYSIOLOGICAL EXAM & AUTONOMIC RECOVERY PROGRAM

#### FOUNDATIONS OF NATURAL HEALING

Total Body Modification (TBM) is a time-tested, easy-to-use system of healing that relies primarily on analysing the clients' body through Kinesiological evaluation of TBM-specific body points and radionically-charged TBM test vials. In TBM we don't suppress or ignore our clients symptoms, we seek to respond to them in a way that restores the body's ability to heal and maintain itself. Applied corrections are similar to known Kinesiology techniques and some others that all therapists can use with confidence. Most often, immediate results are apparent.

In TBM we use nutrition to support, but not drive the healing process, therefore significantly reducing the amount of nutritional supplements a client needs. In Module 1, the first part of the TBM Basics, you will learn how to apply effective muscle testing with body point locations, body point corrections, and our Autonomic Recovery Program. The Autonomic Recovery Program resets the overall tone of the autonomic nervous system, safely detoxifies the body, re-establishes healthy regulation of blood sugar, and educates clients on how to listen to their body's needs.

**Edmund Faust, Dip Kin  
TBM Instructor**  
Post Grad Dip Kinesiopractic®  
Senior Faculty Trainer ICPKP™  
Director Kinesiology Schools Aus.  
Principal Kinesiology Connection

Our policy is that upon registering for a TBM seminar you commit to arriving on time and staying until the end. Those that do not fully attend will not receive a certificate of completion, will not have it listed on their Provider Listing, and will not receive verification of hours for Continuing Education. Any exception must be approved prior to registration.

**26-27 MAY 2018 - SATURDAY & SUNDAY 9am-7pm**

Standard A\$875 (plus GST)

PKP Graduates > 3 years or Non-PKP Kinesiology practitioners / students

Reduced A\$750 (plus GST)

Current PKP Students / Graduates <3 years / PKP College Faculty

Repeaters A\$600 (plus GST)

Kinesiology practitioners / students only

**Register and pay by APRIL 7 to receive \$100 early-bird discount!**
