TBM MODULE 3

PATHOLOGIES

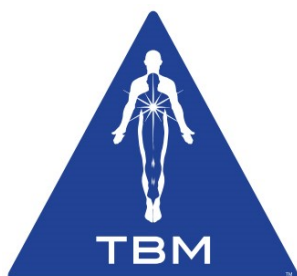

KINESIOLOGIC AND NUTRITIONAL SUPPORT FOR ADVANCED CASES

After completing the Basics (Modules 1 & 2), you are now ready for training in TBM techniques for helping clients who suffer with viral, bacterial, fungal and parasitic infections, degenerative conditions like lupus, multiple sclerosis, fibromyalgia, chronic fatigue, immunological breakdown as seen in cancer and AIDS, neurodegenerative conditions like Parkinson's and Alzheimer's. How to safely detoxify the body of toxic metals, repair damage from vaccinations. Protocols for kidney, gall bladder and liver stones are included as well. Such information was previously only available to career Health Professionals with a

background in pathology such as chiropractors, naturopaths, medical doctors, dentists, nurses and osteopaths. Module 3 is now geared and taught in such a way that you learn how to easily integrate the energetic testing and correction procedures to harmonise the body. The information presented in Module 3 is not intended to cure these conditions, but aid the practitioner in providing kinesiologic and nutritional support to these client populations. Join us to glean from the decades of experience which Dr. Frank, his mentors and students have acquired, in serving the seriously ill.
