TBM MODULE 2

**BASIC STRUCTURAL, ALLERGY, ENERGY
CIRCUITS, EMOTION TECHNIQUES,
IMMUNOLOGICAL PROTOCOLS & MORE.**

EXPAND YOUR HEALING POTENTIAL

In TBM's Module 2, we complete the Basic Protocols, teaching you TBM's **renowned harmonization sequence** for allergy, pathogen, toxin and emotion (plus vials). You will also learn over 200 **kinesiologically based** emotional techniques, including the Emotional Erases. These eliminate the emotional "scar tissue" and cellular memory that produce dysfunction within the body and in the clients' life as a whole. We will teach you over 50 additional Body Points, our Learning Enhancement techniques and TBM's Body Energy Circuit tests and corrections.

We will also show you many things you can do with the Module One Body Points, including..

..eliminating joint pain, improving nutrient utilization and breaking the cycle of **multi-organ dysfunction**. We introduce you to utilising the TBM database in a kinesiological way, a procedure that enables you to quickly discover your clients' unique healing requirement. Module 2 will prepare you to work more effectively with clients who are struggling with allergies, food & chemical sensitivities, reproductive and urinary issues, chronic pain, learning disabilities and deep-seated emotional issues. We will have ample time for work shopping the techniques you'll learn, get questions answered and leave with confidence in your ability to reproduce the results on your own.
